

ACADEMIC PROGRAMS

(Educational Programs, Instructional Facilities, and Faculty)

Disclosure Requirement: Made available through appropriate publications, mailings, or electronic media
HEOA Sec. 488(a)(1)(A) amended HEA Sec. 485(a)(1)(G) (20 U.S.C. 1092(a)(1)(G)): added HEA Sec.
485(a)(1)(G)(iv). HEOA amendment effective August 14, 2008
34 CFR 668.41(a)-(d), 34 CFR 668.43
October 29, 2009 FR notice (revised 34 CFR 668.43)

Information regarding California Baptist University's academic programs including:

- Current degree programs and other educational and training programs
- Instructional, laboratory, and other physical plant facilities that relate to the academic program(s)
- Faculty and other instructional personnel; and
- Any plans by the institution for improving the academic program (upon a determination by the institution that such a plan exists).

may be accessed at:

Current degree programs

- <http://www.wascsenior.org/institutions/california-baptist-university>
The California Baptist University page of the WASC Senior College and University Commission web site, on the tab marked "degrees," list degrees reported on the 2015 annual report (2014-15 catalog). Degree level, year the program started and the delivery modality are reported here as well.
- <http://www.calbaptist.edu/academics/programs/>
The California Baptist University web page also includes programs that were approved in 2014-15 for implementation in future years.

Include information regarding required internships and externships

- The Internship policy is provided in the [current University catalog](#):
An internship is a form of experiential learning that integrates knowledge and theory learned in the classroom with practical application and skills development in a professional setting. Internships give students the opportunity to gain valuable applied experience and make connections in professional fields they are considering for career paths; and give employers the opportunity to guide and evaluate talent.

Students may enroll in an internship for academic credit at the upper division level with approval and signatures from the faculty member, Dean/Department Chair, Career Services, and University Registrar. Students are responsible for locating their own internship experience prior to enrollment but are encouraged to utilize the Career Services office for assistance in the process and to obtain the required paperwork in order to enroll. Minimum enrollment requirements include a 2.0 cumulative GPA and sophomore status. Internships must be

completed within the semester in which both the enrollment and the internship experience occur; retroactive credit may not be granted for internships previously served.

- Engineering programs are the only undergraduate programs with a required internship experience. All engineering programs include EGR 306 Internship Preparation, EGR 390 Internship and EGR 405 Internship Report and Presentation. Course descriptions: <http://www.calbaptist.edu/academics/schools-colleges/college-engineering/bachelor-science-electrical-and-computer-engineering/>.
- Other programs have optional internship experiences, and several professional programs have clinical placement requirements, as described in the [University Catalogs](#).

Instructional, lab, or other physical facilities which relate to the academic program(s)

An interactive campus map describing California Baptist University's facilities may be accessed at: <http://www.calbaptist.edu/map>

Faculty and other instructional personnel

- www.calbaptist.edu/faculty-directory
The California Baptist University faculty directory includes personnel with full-time faculty appointments, but does not include adjunct faculty.
- Faculty Rosters
These lists of all Fall faculty includes full-time faculty whose primary role is instruction and part-time/adjunct faculty, including administrative staff who also teach.
